Effect of Enrollment Status on Financial Aid

Financial aid is disbursed based on full time enrollment (12 or more credit hours). If you have received financial aid and are not enrolled full time, your aid will be reviewed and possibly adjusted after drop/add. If you are planning on dropping classes and/or being enrolled part time (less than 12 hours) please do not cash or spend your financial aid refund and contact the Financial Aid Office to have your financial aid award reviewed based on your anticipated part time enrollment status.

If your financial aid is reduced, immediate repayment will be required to avoid appropriate collection actions. Those actions may include cancellation of classes, NC Attorney General's Office collection efforts, or referring your account to an outside collection agency. (If this occurs the student will be liable for all charges and other costs including, but not limited to, attorney fees that are allowed by the federal laws, state laws, and regulations that are necessary for the collection of these amounts.)

I have read the above information and understand that my financial aid could be adjusted based upon the conditions listed in this document and I may owe a portion or all of my refund back to UNC Asheville and possibly the original cost of tuition and fees.
